WELCOME!

CCI Training Center has the mission of providing the most effective accelerated, hands on, career training and enhancement training to the public in a convenient class schedule.

CCI Training Center provides performance based accelerated career programs aimed at achieving optimum job-related skills. Our continuing education department offers seminars and workshops to the professional community. Some of CCI's seminars qualify for CEU credits. Our approach in teaching both the technical and non-technical student utilizes techniques developed during more than 34 years of experience in the career training industry. With thousands of graduates from Texas and surrounding states, CCI Training Center is proud to be part of the growth and automation of the technical, medical and professional industries in the Southwest region.

The programs are delivered in a hybrid/blended format to include both campus-based and distance learning. Our dedicated team of instructors together brings more than 100 years of experience to CCI in the fields of professional training. To accommodate varying study schedules, CCI Training Center offers day and evening classes.

Originally founded in 1984, CCI has been approved and regulated by the Texas Workforce Commission, Career Schools and Colleges Section, Austin, Texas since 1991. The school is also an approved Microsoft Academy providing the students in all the Information Technology programs with related benefits. CCI Training Center is accredited by ACCET, the Accrediting Council For Continuing Education And Training®. ACCET is listed by the US Department of Education as a nationally recognized accrediting agency.

Government grants and loans as well as a private loan are available to all qualified applicants.

Tutoring is available to students having trouble in understanding workshop contents. This service is available on a no-charge basis upon the approval of the School Director.

CCI provides Professional career counseling and job search assistance services to all qualified graduates at no charge. This service will assist the student in preparing for the job market. Services include career counseling, employer networking, job interviewing tips, resume suggestions and interview opportunities. Students who successfully complete a program and meet all financial obligations are eligible for assistance.

CCI Training Center is an equal opportunity establishment providing services and employment opportunities based on merit, and with no distinction on the basis of race, color, religion, sex, age, national origin, or disability. Reasonable auxiliary aid and services will be made available upon request to individuals with disabilities.

At CCI Training Center, you will embark upon an exciting journey into the world of technology and employer driven career education. We are committed in preparing our students to make that journey a success.

Martin Zandi, Ph.D.
President

Our Mission

CCI Training Center has the mission of providing the most effective accelerated training and enhancement training to the public in a convenient schedule.

Our Goal

To be a superior company through constant innovation, attention to details and a focus on quality in all that we do.

Our Students

We are dedicated to each student who walks through our doors with warmth, and friendliness. We work to create an outstanding learning experience.

Our Team

We believe that the greatest strength of CCI Training Center lies within our people. We are committed to providing an environment that recognizes initiative and performance.

Our Community

We build relationships through participation and services. We work together to help meet the employment needs of our community.

Health Care Programs/Seminars

HEALTH INFORMATION SPECIALIST

The program is designed to prepare students for an entry level position, in the healthcare marketplace, such as Medical Records Technician, Health Information Technician, Medical Secretary or Insurance Billing. These positions may be in clinics, doctor's offices, hospitals or companies providing healthcare services to medical establishments. This program provides related training on subjects including electronic health records, records management, medical software, healthcare insurance, billing, medical law, ethics, HIPAA and medical terminology. The students will be able to organize and input health information data and learn to communicate with physicians and other healthcare professionals using electronic medical records.

Upon completion of the program, the student will receive a Certificate of Completion in Health Information Specialist.

Health Care Programs/Seminars Continued

MEDICAL ASSISTING WITH NUTRITION AND WEIGHT MANAGEMENT

The program is designed to provide students with the skills necessary to be responsible for a range of front and back office functions in a doctor's office, clinic, weight management clinic, health and wellness center, or other medical facility. Students will learn administrative skills such as scheduling and receiving patients, telephone triage, basic insurance and billing, and patient charting. Students will receive medical/clinical training in such areas as weight management, nutrition and wellness, recording vital signs, administering injections, phlebotomy, patient preparation, basic lab procedures, and CPR. Graduates completing this program may seek a rewarding entry level career working as a Medical Assistant, Clinical Laboratory Aide, Blood Bank Donor Unit Assistant, Front Office Assistant or Medical Office Assistant.

Upon completion of the program, the student will receive a Certificate of Completion in Medical Assisting with Nutrition and Weight Management.

PHARMACY TECH AND LAB PROCEDURES

This program is an innovative, multi-discipline approach designed to prepare the student for an entry level position in the medical marketplace as a Pharmacy Tech and/or Phlebotomist. These positions may be in retail pharmacies, medical offices, hospitals, clinics, laboratories or companies providing services to medical establishments. This program includes hands-on training in IV Sterilization and handling of sterile products. Primary program subjects include pharmacy practice, pharmacology, prescription compounding, the use of the computer and medical software, human anatomy and physiology, medical law and ethics, blood draws, and CPR.

The program includes a test prep class to prepare the student for the Pharmacy Certification Board Exam. The graduate will be able to retrieve written prescriptions or requests for refills, verify that the information on the prescription is complete and accurate, retrieve, count, pour, weigh, measure, sometimes mix the medication, prepare labels, select a proper container, price and fill the prescription.

Upon completion of the program, the student will receive a Certificate of Completion in Pharmacy Tech and Lab Procedures.

Health Care Programs/Seminars Continued

STERILE COMPOUNDING & ASEPTIC SEMINAR

The Sterile Compounding & Aseptic Seminar is designed for Pharmacy Technicians who want to gain additional certifications in IV Sterile Products and Sterile Compounding. The student will learn the need for sterile products, the importance that the parenteral administration route must be sterile, the importance of aseptic technique, and know how to calculate, and how to manipulate supplies such as needles, filters and syringes. The student will learn topics related to extemporaneous and non-sterile pharmaceutical compounding. The student will learn the equipment, supplies, quality assurance and record keeping associated with compounding in a pharmacy.

Note: Consult the school's catalog course descriptions for applicable prerequisites.

Upon successful completion of the seminar and the National Pharmacy Technician Association requirements, the student will receive a Certificate in IV Sterile Product and Compounding through CCI Training Center.

Business Program

BUSINESS AND ACCOUNTING

The Business and Accounting program is designed to prepare students with the technical skills and knowledge of business and accounting skills as well as the enhancement of skills for students with a previous background in business and/or basic accounting. Skills include MS Office, business practices and communications, journals and ledgers, inventory, payroll and use of QuickBooks. Graduates will expect to find positions in accounting offices, bookkeeping, inventory control, accounting clerk, office clerk, financial reporting, payroll clerk, accounts payable, accounts receivable, and positions requiring knowledge of business practices and accounting basics.

Upon completion of the program, the student will receive a Certificate of Completion in Business and Accounting.

Technology Programs

CISCO CCNA TRAINING

The program is designed to prepare students with practical knowledge of the basic Cisco switches and routers. Students will learn how to install, operate, configure, and verify a basic IPv4 and IPv6 network, including configuring a LAN switch, configuring an IP router, connecting to a WAN, and identifying basic security threats. Students will learn to install, configure, operate, and troubleshoot a small enterprise network, focusing on redundant topologies, configuring EIGRP and multi-area OSPF, understanding Wide Area Network technologies, device management and Cisco licensing.

Note: Consult the school's catalog course descriptions for applicable prerequisites.

Upon completion of the program the student will receive a Certificate of Completion in Cisco CCNA Training from CCI Training Center.

MS NETWORK ADMINISTRATION

This program is designed to prepare students for the MCSA: Windows Server. The students will learn and perform the installation and configuration of the operating system as well as how to set up users, system profiles, and policies relating to the operating system. Students will perform fault isolation and correction of the operating system. Students will also learn the use of Virtual Machine Manager. Students will apply server tasks including implementing routing; implementing, managing and maintaining Protocols (DHCP), (DNS), and (WINS); IP traffic and certificates; implementing a network access infrastructure; and managing and monitoring network access.

Note: Consult the school’s catalog course descriptions for applicable prerequisites.

Upon completion of the program the student will receive a Certificate of Completion in MS Network Administration from CCI Training Center.

HEALTH CARE COURSES

Weight Management and Wellness **MED31 54 Clock Hours** **2.5 Semester Credit Hours**
Lecture: 30 Hours **Lab: 24 Hours**

The course introduces students to the importance of weight management and a healthy life style. Students will learn the components of wellness, principles of exercise for fitness, stress management, improving flexibility, body composition and health, weight control and steps in preventing diseases.

Prerequisite: MED04/MED05/MED30 Tuition: \$972 Book: N/A

EKG Introduction **MED32 24 Clock Hours** **0.5 Semester Credit Hour**
Lecture: 12 Hours **Lab: 12 Hours**

The course introduces the student to the EKG machine, function, and operation. The student will learn the controls and function of the EKG machine and the location of the sensors. The student will be introduced to printouts and interpretations.

Prerequisite: MED05 and MED28 Tuition: \$432 Books: N/A

Sterile Product Certification **MED37 40 Clock Hours** **1.5 Semester Credit Hrs.**
Lecture: 20 Hours **Lab: 20 Hours**

The course prepares the student to become certified in IV Sterile Products. The student will learn the need for sterile products, the importance that the parenteral administration route must be sterile, the importance of aseptic technique, and know how to calculate, and how to manipulate supplies such as needles, filters and syringes.

Prerequisite: MED15/MED16/MED17 Tuition: \$720 Books: \$50

Compounding Certification **MED38 40 Clock Hours** **1.5 Semester Credit Hrs.**
Lecture: 20 Hours **Lab: 20 Hours**

The course prepares the student to become certified in Compounding Techniques. The student will learn topics related to extemporaneous and non-sterile pharmaceutical compounding. The student will learn the equipment, supplies, quality assurance and record keeping associated with compounding in a pharmacy. In addition, the student will have hands on training in the use of capsules, creams, medicated lollipops, solutions, coloring/flavoring and PLO Gels.

Prerequisite: MED15, MED16, MED17 Tuition: \$720 Books: \$50

Career Development **CDV01 24 Clock Hours** **1 Semester Credit Hours**
Lecture: 12 Hours **Lab: 12 Hours**

The course enables students to develop and plan for career advancement. Students will learn resume writing, interviewing, networking, effective communication, manage time effectively, and use of internet-based websites in the job search. One on one mock interview will be conducted.

Prerequisite: None Tuition: \$432 Book: N/A

Workshop Descriptions Continued

TECHNOLOGY COURSES (CORE)

NET05: Networking Intermediate 96 Clock Hours 4.0 Semester Credit Hours

This course is an introduction to networking technology and terminology. Students will learn how to do the planning, implementation, and optimization of Local Area Networks (LAN). Wide Area Networks (WAN) are discussed and the differences between LANs and WANs are reviewed. Students will learn and practice connecting network components, and discuss LAN/Internet administration, and perform user support and network troubleshooting tasks.

Prerequisite: None Tuition: \$1,728 Book/Lab: \$150

NET02: Operating Systems Fundamentals 30 Clock Hours 1.0 Semester Credit Hours

The course is designed to build a basic understanding of MS Operating System Configurations, installing and upgrading client systems, managing applications, managing files and folders, managing devices and operating system maintenance.

Prerequisite: None Tuition: \$540 Book/Lab: \$115

NET01: Networking Fundamentals 30 Clock Hours 1.0 Semester Credit Hrs.

The course is designed to build a foundation of computer networking concepts and technologies. The course prepares students to build an understanding of the network infrastructures, network hardware, and protocols and services with an emphasis on the OSI Model.

Prerequisite: None Tuition: \$540 Book/Lab: \$115

NET14: Active Directory & Client OS 72 Clock Hours 3.5 Semester Credit Hours

The course provides students with the knowledge and skills to implement, manage and maintain a Microsoft network infrastructure. Students will learn to apply server tasks including implementing routing, implementing, managing and maintain Protocols (DHVP), (DNS), and (WINS); IP traffic and certificates; implementing a network access infrastructure; and managing and monitoring network access.

Prerequisite: NET13 Tuition: \$1,296 Book/Lab: \$150

CDV02: Practicum 80 Clock Hours 3.0 Semester Credit Hours

The practicum is a synthesis of all courses in the Computer & Network Administration program and relates to the elective - track chosen by the student. The student will complete assignments under the supervision of the instructor and a member of the employer community. Assignments will include topics from the core courses and the elective-track courses. All assignments must be completed successfully to receive a passing grade. Students will practice real world scenarios and assignments, plan execution strategies and offer preventive - measure solutions to problems assigned.

Prerequisite: completion of Core Subjects

Workshop Descriptions Continued

CDV01: Career Development 24 Clock Hours 0.5 Semester Credit Hours

This course enables students to develop and plan for employment. Students will learn: resume writing, interviewing, networking, effective communication, managing time effectively, and prioritizing multiple tasks. Students will learn and practice effective job search methods and the use of internet-based websites in the job search. One on one mock interview will be conducted.

Prerequisite: None

Tuition: \$432

Book: N/A

TECHNOLOGY COURSES (ELECTIVES)

NET04: A + 118 Clock Hours 5.0 Semester Credit Hours

This course is designed to give the students the necessary competencies of an IT professional in a corporate environment. Students will learn skills including installing, building, upgrading, repairing, configuring, troubleshooting, optimizing, diagnosing and performing preventive maintenance of personal computer hardware and operating systems. This course was developed for students entering the information technology (IT) profession and it teaches the fundamentals of configuring, supporting, and administering Personal Computer systems.

Prerequisite: None

Tuition: \$2,124

Book/Lab: \$175

NET03: IT Security Fundamentals 30 Clock Hours 1.0 Semester Credit Hours

This course provides students with the knowledge and skills to begin supporting network security within an organization. Students who complete this course will be able to identify security threats and vulnerabilities and help respond to and recover from security incidents.

Prerequisite: None

Tuition: \$540

Book/Lab: \$115

NET06: Linux Essentials 78 Clock Hours 3.5 Semester Credit Hours

The course is designed to prepare students to understand the Linux and open source operating system philosophy. Students will understand the major components of the Linux operating systems and have the technical proficiency to work on the Linux command line and have an understanding of Linux security and administration. Students will practice setting up users and groups, setting permissions and configuring a network connection.

Prerequisite: Network Intermediate

Tuition: \$1,040

Book/Lab: \$150

NET07: Cloud Technology 72 Clock Hours 3.0 Semester Credit Hours

The course is designed for students to learn the fundamental concepts of cloud computing and its place in the modern enterprise. Students will learn to differentiate the types of cloud solutions and the adoption measures needed for each, discuss the technical challenges and the mitigation measures involved in cloud computing, identify the steps to successfully adopt cloud services and to identify potential risks involved in cloud computing and the risk mitigation measures. Students will also identify the potential cost considerations for the implementation of cloud and its strategic benefits.

Prerequisite: Network Intermediate

Tuition: \$1,296

Book/Lab: \$150

Workshop Descriptions Continued

NET08: Installing & Configuring Servers 72 Clock Hours 3.0 Semester Credit Hours

This course provides knowledge and skills working with Windows operating systems to install and perform the initial configuration of a Windows Server in an existing Windows server environment. Students will learn how to implement and configure the core services, including Active Directory Domain Services, networking services and initial Hyper-V configuration.

Prerequisite: Network Intermediate Tuition: \$1,296 Book/Lab: \$125

CCN01: Introduction to Routers and Switches 96 Clock Hours 4.0 Semester Credit Hours

This introduction to routers course teaches the basic skills necessary to configure Cisco switches and routers in multi-protocol internetworks. Students will learn and apply the fundamentals of interconnecting Cisco network devices.

Prerequisite: Network Intermediate Tuition: \$1,728 Book/Lab: \$175

CCN02: Advanced Concepts in Routing & Switching 70 Clock Hours 3.0 Semester Credit Hrs.

This course provides the student with practical knowledge to identify the Cisco product that best meets the WAN connection requirements; assemble and configure Cisco equipment to establish appropriate WAN network connections; enable protocols and technologies that allow traffic flow between each site; implement quality-of-service capabilities; and implement access-control measures.

Prerequisite: CCN01 Tuition: \$1,296 Book/Lab: \$150

SEC03: Security + 72 Clock Hours 3 Semester Credit Hours

This course provides students with the knowledge and skills to begin supporting network security within an organization. Students who complete this course will be able to identify security threats and vulnerabilities and help respond to and recover from security incidents.

Prerequisite: Network Intermediate Tuition: \$1,296 Book/Lab: \$150

NET13: Client Operating Systems 72 Clock Hours 3.5 Semester Credit Hours

The course provides students with knowledge and skills to perform the installation and configuration of the Microsoft operating systems as well as how to set up users, system profiles, and policies relating to the operating system. Students will learn to perform fault isolation and correction of the operating system.

Prerequisite: CMT03 Tuition: \$1,296 Book/Lab: \$150

NET20: Configuring Advance Server Services 94 Clock Hours 4.0 Semester Credit Hours

In this course, students will gain the skills and knowledge necessary to implement a core Windows Server infrastructure in an existing enterprise environment. Students will cover the necessary administrative responsibilities, such as implementing server images, user and group management with Active Directory Domain Services (AD DS) and Group Policy, remote access, network policies, data security, and monitoring and updating management.

Prerequisite: NET13, NET14 Tuition: \$1,692 Book/Lab: \$150

Workshop Descriptions Continued

NET21: Certified Ethical Hacking 64 clock hours 2.5 Semester Credit Hrs.

Tuition: \$2280

Course Materials: \$150.00

The Certified Ethical Hacker certification is a most in demand credential for professionals interested in IT security skills. This workshop covers all major topics required to prepare for the Ethical Hacker (CEH) exam certification. Attendees will be exposed to the hacking process, thinking as a hacker would, and test, hack and secure systems. Attendees will be taught the five phases of ethical hacking and the ways to approach a target and break into a system. The five phases include Reconnaissance, Gaining Access, Enumeration, Maintaining Access, and covering one's tracks.

This course includes performance-based labs that simulate real-world, hardware, software & command line interface environments. The labs cover topics such as ethical hacking, Web server hacking, Web applications, enumeration, system hacking, and much more. The labs also provide attendees with the tools and techniques used by hackers to break into an organization.

Prerequisites:

- Experience in Windows Operating Systems
- Understanding of Linux/Unix-based OS
- Understanding of the TCP/IP Protocols

NET23: Systems Security Certified Practitioner 64 clock hours 2.5 Semester Credit Hrs.

Tuition: \$2280

Course Materials: \$150.00

This course provides the attendees with a solid foundation in learning and practicing information technology system security principles while covering every domain and objective in the SSCP certification. The course combines a unique combination of hands on classroom training, online learning, simulation labs, and engaging interactive activities under the supervision of an instructor. Experienced information technology professionals can rely on this workshop-oriented course to advance their cybersecurity career. The (ISC)2 SSCP exam is a vendor-neutral world-recognized certification that endorses your IT security knowledge.

Major topics include access controls; security operations and administration; risk identification, monitoring and analysis; cryptography; network and communications security; and so on.

Prerequisites:

- Experience in Windows Operating Systems
- Experience or certification in Networking
- Basic knowledge of IT security

Student Information

FACILITIES

CCI Training Center has two convenient locations in the Metroplex located at: 770 East Road to Six Flags, #140, Arlington, Texas 76011 and 10830 North Central Expressway, #410, Dallas, Texas 75231. Each campus is equipped with computer networks, individual computer workstations for each student and internet accessibility. Our average student to instructor ratio is 12:1. The maximum student to instructor ratio is 25:1.

HOURS OF OPERATION

School: Monday-Thursday; 8:00 AM. – 10 PM; Friday: 8:00 AM – 5 PM

Administration Offices: 8:00 AM to 7:00 PM, Monday-Thursday

Administration Offices: 8:30 AM to 5:30 PM, Friday

After hours counseling is available by appointment.

All programs are delivered in a hybrid, on-campus and online format. Students have the option to complete the online coursework on-campus. On-campus classes are held Monday thru Friday, 8:00 AM – 5:00PM and / or 6:00PM – 10:00 PM.

ADMISSION PRE-REQUISITES

All participants must have completed a high school education or GED equivalent. Home school graduates are required to have a GED. In addition, applicants are required to complete a campus tour, initial application, pass the appropriate assessment evaluation exam, and interview with the admissions staff. Tuition and fees may be paid by cash, check, Federal Financial Aid, WIOA awards, credit card, loans, grants, and scholarships. CCI Training Center is an equal opportunity establishment providing services and employment opportunities on the basis of merit, and with no distinction on the basis of race, color, religion, sex, age, national origin, or disability. Students with special needs will need approval by the Director. The school has a policy to provide reasonable accommodations as applicable in compliance with ADA guidelines. School facilities meet all the requirements of ADA.

ENROLLMENT PRE-REQUISITES

1. CCI uses the Wonderlic Scholastic Level Exam (SLE) or the TABE (Test of Adult Basic Education) evaluation exam. An applicant can sit for the Wonderlic exam a maximum of three attempts.

A score of 14 on the Wonderlic or 8th Grade on the TABE is required for the following programs:

- Business & Accounting
- PC Technician I, PC Technician II
- Health Information Specialist
- Medical Assisting with Nutrition & Weight Management
- Pharmacy Tech & Lab Procedures

A score of 18 on the Wonderlic or 10th Grade on the TABE is required for the following programs:

- Computer & Network Administration, Cisco CCNA Training,
- MS Network Administration

A candidate may be exempt from the Wonderlic exam if one of the following requirements is met:

- Completed an Associate Degree, Bachelors and/or Master's Degree
- Completed English and Math course at the college level with a passing grade of C or better reported on the transcript
- Submission of a nationally recognized test taken within the prior twelve-month period demonstrating a minimum 8th grade proficiency in math and reading comprehension when measured against a national standard.

2. A copy of the student's diploma, high school transcript, or GED is required for the student file.

Note: Candidates for the Pharmacy Tech & Lab Procedures program must understand that industry and/or government standards may prohibit certification or licensing for candidates who have a history of criminal misconduct. It is the students' ultimate responsibility to be aware of such regulation before enrolling. Such misconduct may include felonies or drug or pharmacy related misdemeanors. Candidates must register as a Pharmacy Technician Trainee with the Texas State Board of Pharmacy. The school will assist students to register with the board, but, is not held responsible or accountable if the student's application is denied by the board. At times, an initial routine background check may not reflect any violations and/or criminal report, but, an updated check may; therefore, preventing the student from approval.

The enrollment pre-requisites do not apply to students enrolled only in seminars, individual courses, students sponsored by their employers or students in Continuing Education Workshops.

Student Information Continued

ADVANCED PLACEMENT

Students may transfer credits from post-secondary institutions that are accredited by an agency recognized by the U. S. Department of Education. A transcript must be presented with credits earned in the last seven years with a grade of “C” or higher. The course must be included in the program in which the student is enrolling. Students may also request to test out of some of the basic courses based on prior work experience. There is \$ 25.00 fee for the administration of each placement exam. A student can be placed out of no more than four courses in any one program of study. A request for advanced placement must be completed in writing prior to admission to the school and prior to the first day of class. Tuition will be adjusted by multiplying the number of remaining credit hours in the subject scheduled at CCI Training Center by the average hourly rate for the program. Advance placement reduces the amount available for financial aid.

An advanced placement decision may be appealed to the School Director in writing before the student enrolls. The School Director will answer the appeal in writing. Permission to advance to the next subject may be granted only by the School Director.

If a student wishes to attempt to transfer credit to another institution, CCI Training Center will provide the student with a transcript and course syllabus, if the charges for all tuition, fees, and books have been paid. CCI makes no guarantee of transfer of credits earned at the school to any other institution. The student must consult with admissions department of that institution.

CLOCK HOURS AND SEMESTER CREDIT HOURS

All programs are based on semester credit hours. In compliance with the State licensing, classes and programs are listed in both clock hours and academic semester credit hour as defined by career Schools & Colleges, TWC State agency. Per the State definition, one academic semester credit hour is equal to a minimum of: (A) 15 hours of classroom lecture; (B) 30 clock hours of laboratory experience; or (C) 45 clock hours of externship. In addition, all classes require homework. As such, students must take and pass homework quizzes in the classroom. For Federal Financial Aid purposes; consult with the Financial Aid Office.

Student Information Continued

FINANCIAL AID

The school contracts with a few agencies for financial aid assistance. Qualified students may be eligible for program funding through programs for Veterans, and/or various labor organizations. Many government agencies provide funds to pay for approved job training programs such as the Workforce Innovative & Opportunity Act (WIOA). Grants are also available from the Texas Department of Assistive and Rehabilitative Services and the Veterans Administration. Requests for these programs are made directly with the appropriate agency. Other agency funding sources may also be available.

The school also participates in the Federal Pell Grant Program and the William D. Ford Federal Direct Loan Program, which encompass the following programs:

Federal Pell Grant Program

Need-based grants (gift aid) to students are awarded by the federal government. The maximum Pell Grant award for the 2018-2019 federal award year is currently \$6,095. Pell Grants are available only to students who do not yet have a bachelor's degree. Annual eligibility is based on the student's Expected Family Contribution (EFC) and the institution's cost of attendance. The lifetime limit for Pell Grant awards is 12 full-time semesters (600% of the annual award). The federal government can change the Pell up or down each year.

Federal Direct Loan

Low interest loans to students made directly by the US Department of Education. Direct Loans are either subsidized—the federal government pays the interest while the student is in school—or unsubsidized, meaning the student either pays the interest or capitalizes it (adds it to the principal upon entering repayment). Origination fees are charged to each loan and the interest rate varies with the prime interest rate of the time. Origination fees also vary based on US Department of Education regulations.

For the dependent student the Direct Loan eligibility per year is currently \$3500, which can be subsidized or unsubsidized, plus an additional \$2000 unsubsidized. For independent students the maximum amount of all subsidized and unsubsidized loans is \$9500, of which a maximum of \$3500 can be subsidized.

All CCI students receiving student loans are required to participate in entrance and exit counseling. Entrance counseling must be completed before any loan funds will be disbursed. Exit counseling must be completed prior to graduation or at the time of withdrawal.

Several of the loan programs offer a deferred payment of the principal while the student is attending training and/or an additional payment deferment of up to six months after the program completion. Students are considered full time if they attend classes, on-campus or online, twenty-four (24) or more hours per week. If students attend classes twelve (12) or more hours per week but less than twenty-four (24) hours per week, they are considered half time. The school also offers private student loans to qualified students to supplement other funding. These loans are processed by a third party.

The repayment of Direct Loans begins six months after the graduation date or the last day of attendance.

Federal PLUS Loan

Direct PLUS loans are loans to parents to help pay for their dependent children's educational expenses, made directly by the US Department of Education. The maximum PLUS Loan amount is the full cost of education less any estimated financial aid. The repayment of PLUS loans generally begins within 60 days of the final disbursement of funds however a parent can request a deferment until after the student graduates.

An origination fee is charged on the gross amount of the loan, proportionately assessed on each disbursement and is set by the United States Department of Education. All loans, regardless of source, must be repaid pursuant to applicable regulations.

Application Process

The application process for all financial aid requires completion of the Free Application for Federal Student Aid (FAFSA). A completed and submitted FAFSA results in a Federal Student Aid Report (SAR/ISIR), which is the basis for determining most financial aid eligibility. Information from the ISIR is used to determine all financial aid awards based on student need calculated by the federal need analysis formulas. The school or student transmits each FAFSA directly to the government, and the resulting ISIR is available within a few days of application.

The FAFSA is available online at www.fafsa.ed.gov. Some government aid programs have other processes for determining eligibility for awards (i.e., Career Link, Vocational Rehabilitation programs, Veteran's programs).

Some loan approvals are based on an acceptable credit history. Loan applicants who cannot meet the loan criteria may become eligible for a loan with a qualified co-borrower as outlined by the financial institution or government agency. Students receiving loans who become delinquent in their payments may be referred to a third-party collection agency.

CCI Training Center also offers scholarships:

Agency Scholarship is offered for those who are recipients of TWC Funding. The scholarship is applied to the unmet portion of tuition, books, supplies, and fees that agency funding does not cover. This scholarship may not be combined with any other scholarship sponsored by CCI Training Center. Any such scholarship will apply to the students account at the completion of their program.

Veterans Scholarship of \$1,000 is available to Iraq and Afghanistan veterans and is first applied to tuition, books, supplies, and fees. If all tuition, books, supplies, and fees are fully paid the scholarship funds will be disbursed in equal monthly payments during the veteran's attendance period at CCI. A veteran must make application for the scholarship before the first day of class. The scholarship will be voided if the veteran does not meet the attendance standards stated in the catalog. If the veteran drops out of school any amount disbursed will be charged back to the veteran. This scholarship may not be combined with any other scholarship sponsored by CCI Training Center.

Director's Scholarship is offered for those who qualify and make application before enrollment. The applicant must submit an essay explaining the need and circumstances and if requested must submit a resume and/or a transcript. The maximum amount of the scholarship is \$2,000. The scholarship is awarded by the School Director based on the applicant's financial dilemma, academic background, and work experience and must be applied to tuition, books, supplies and fees. The scholarship is voided if the student does not meet the academic or attendance standards stated in the catalog. If the student drops out of school any amount disbursed will be charged back to the student and the scholarship may not be combined with any other scholarship sponsored by CCI Training Center.

For detailed information on available Financial Aid Programs, an appointment should be made with a CCI Training Center Financial Aid Coordinator.

Students are billed the full amount of their program when they start attending. Under contractual agreements with the Workforce Investment Opportunity Act (WIOA), TWC agencies, billing cycles to such agencies are in reference to prior agreements.

Student Information Continued

ATTENDANCE REQUIREMENTS

CCI Training Center programs are delivered in a hybrid format. On-campus attendance is based on a logbook completed and signed by the student each day. CCI Training Center requires all online activity to be completed on a weekly basis.

Satisfactory academic progress for any online course is based on the completion of the required activities by the student as recorded in the school's learning Management System (LMS). The system documents the specific activities completed for that course. The student online activity and assignment completion is monitored and evaluated by the instructor each week. Any incomplete required activity will result an incomplete or failed grade for that course.

The student also completes and signs an attendance form attesting the total clock hours attended online each day.

Students must notify a designated staff member of the school when they will be absent or late for class. Additionally, students must notify both a designated school staff member and the externship-site contact person when they will be absent or late for an externship assignment. If a student misses a class, it is the student's responsibility, outside of regular class time, to discover what was missed and the assignments that were given.

Students who fail to complete the online learning required activity, including the minimum required weekly engagement/collaboration activities, or fall short in their active online attendance hours each week, as stated in the relevant course syllabus, will be required to complete the online segment of their weekly required activity including chapter completion, homework assignments and lab completion, of the following week, on campus allowing the instructor to monitor their online activity while on campus. Students will attest in writing to the hours attended. Upon successful completion of the online work and clock hours, the instructor may approve the student to return to the hybrid format starting the following week and/or course.

Students in all programs must attend a minimum of 80% of the program hours (80% rule) and must complete 100% of the externship hours to have satisfactory academic progress to graduate.

A student's enrollment will be terminated for one or more of the following absences:

- The lesser of ten consecutive school days or fourteen calendar days
- 20% of the total clock hours in a program.
- Anytime that a student fails to return from an approved leave of absence.

Students whose enrollments are terminated in consideration of the attendance policy may not reenroll before the start of the next progress evaluation period.

TARDINESS POLICY

Students are expected to be on time for all class sessions, exams, material review sessions, and so forth. Any student who arrives later than 15 minutes after the scheduled start time of any class shall be considered tardy. Any student who leaves earlier than 15 minutes before the scheduled end time of any class shall be considered tardy. No credit for time missed is given to students who depart scheduled classes early and, in some instances, may result in losing all hours attended on that class day.

Excessive tardiness or early departures can result in not meeting the required hours for the training program. Students falling below these minimum requirements may be dismissed from the program as outlined in the Satisfactory Academic Progress Policy due to not meeting the minimum Attendance requirements of 80% cumulative attendance.

Student Information Continued

GRADING AND RETAKE POLICY

Students will receive a certificate of program completion from CCI Training Center after achieving a minimum grade average of C or greater for each workshop included in the program and after attending a minimum 80% of the total program hours and meeting all financial obligations. Students requiring remedial help will be given a period of up to one hundred and fifty percent (150%) of the length of the program attempted to successfully achieve the necessary grade average in each workshop that is required for graduation. Estimated program completion dates are based on the required class hours attended by the student, student performance and the published school calendar.

Each course contains a combination of quizzes and laboratory exercises. Students also receive grade point credit for actively participating in class, online discussions, and online postings if applicable, homework, and maintaining a satisfactory attendance record. Student progress is documented in the Master Student Registration. Progress reports are provided to the student and/or the sponsoring agencies at the end of each subject as required by contract or by specific request. If a student is unsuccessful on a final exam, they have one week to retake the final exam. If a student has to retake a course, there is no additional charge of tuition. The final grade for each subject and the final grade for the completed program are calculated as follows. **Note:** A course that is 30 hours or less may not include a final exam; therefore, the basis of the grade will be adjusted.

Grade Scale

A = Outstanding	90% -100%
B = Above Average	80% - 89%
C = Average	70% - 79%
F = Failing	69% and Below

Basis of Grade with Final Exam

Homework	10%
Lab Assignments/Tests	30%
Final Exam	40%
Class / IDL Participation	10%
Attendance	10%

Basis of Grade without Final Exam

Homework	10%
Labs/Projects/Tests	70%
Class/IDL Participation	10%
Attendance	10%

MAKE-UP WORK

It is the responsibility of the absent student to follow up and complete any missed class work. It is also the responsibility of the student to ask and to re-enroll in a class with a failing grade. The student must plan with the appropriate instructor and/or externship site manager.

No more than five percent (5%) of the total credit hours for a program may be made up. Make up activity must be approved by the school director's office in advance. The make -up work must be comparable to the content, time, and method of delivery of the classes missed. Online, e-learning, course work may be made-up on campus.

The student must demonstrate the same level of knowledge or competence as a student who attended the scheduled session (lecture and/or lab). All make up work must be supervised by an instructor approved for the class and completed within two weeks of the absence. Make-up work must be documented with detailed information to include the date, the time, the duration of the make-up session, and the name of the qualified supervising instructor.

Student Information Continued

EXTERNSHIPS

Students, whose program includes an externship, must accept and complete the externship assigned to them by the school prior to graduation. An externship may start within 10 days from the completion of class and may relate to any segment of the program and be in any subject or topic covered by the program.

Student's attendance is documented on the Externship Attendance sheet which is verified by the site supervisor and signed by the student. The attendance form is required to be submitted weekly to Student Services.

If a student leaves or is fired from an externship before completion, it will be the responsibility of that student to find another externship site. Graduation from such a program requires the completion of the externship. Students will bear all financial responsibility if they fail to complete the program successfully.

If an externship is not started within ten class days after completing class work, the student will be placed on a Leave of Absence until the externship starts with the approval of the school director.

Student Information Continued

SATISFACTORY ACADEMIC PROGRESS

Satisfactory progress is achieved when the student earns a grade of C or greater in each of the subjects associated with a CCI Training Program and attends a minimum of 80% of the total class hours assigned to the program. All students receiving Federal funding are evaluated for Satisfactory Academic Progress (SAP) twice during the length of their enrollment. The first Satisfactory Academic Progress (SAP) report is evaluated after the student completes the first 30 days in their program. In order to reach Satisfactory Progress, a student must complete and pass one workshop and have good standing in their attendance. The second Satisfactory Academic Progress (SAP) report is evaluated at the end of the first payment period which is the midpoint of the program in credits and clock hours. This does not occur until the student has successfully completed at least one-half of the program credits and clock hours. All students are evaluated for satisfactory progress at the scheduled end of the program. Students not making satisfactory progress will be notified at the time of the evaluation. Upon request, CCI Training Center will provide progress reports to the student's sponsoring agency or institution. All students participating in the Federal Grant Program through the US Department of Education must meet the minimum Satisfactory Academic Progress (SAP) requirements to continue to receive funds.

Satisfactory Academic Progress (SAP) is measured qualitatively, by review of the grades in each course completed, quantitatively, by review of the cumulative attendance rate, and overall against a maximum timeframe of 150% of the program length attempted. Satisfactory progress is defined as a minimum passing grade of C in each course and an attendance rate of at least 80% of the scheduled hours in the program. To successfully complete a program, the student must complete all program requirements within 150% of the program length measured in hours. For example, a 600-hour program must be completed within 900 attempted class hours.

A student may be placed on probation due to any of the following circumstances:

- Improper or unsafe use of school equipment or property.
- Violation of one or more of the school's regulations, such as proper attire and behavior.
- Not meeting Satisfactory Academic Progress (SAP) standards.
- Any act of violence.
- Other violations as determined by the Director.

The probation period is until the end of the evaluation period during which the student will be allowed to continue to attend classes. During the probation period the student will be expected to demonstrate that effective corrective action has been taken and the problem has been eliminated. Students will not graduate if their absenteeism exceeds the limits set forth in the CCI Attendance Policy. A student may also be terminated for not meeting the academic standards and failing to respond to the remedial education process recommended by CCI in accordance with Title 40, Texas Administrative Code, and Section 807.171-175. Students terminated for unsatisfactory progress cannot be readmitted until a minimum of one grading period has passed. All readmission applications are subject to review by the School Director. CCI will review the student's commitment to follow CCI guidelines for remedial training and/or the student's ability to demonstrate that necessary corrective measures are in place to ensure successful completion of their study. If a student achieves an unsatisfactory progress report for any subject, the student may elect to repeat the subject at no charge at a time that is convenient for the school but within no longer than one-half of the length of the program. If a subject is repeated the hours of both classes will count toward the clock hours completed and the highest grade will be recorded for the subject. After one-half the length of the program the student must apply for admission and re-enroll. In such case the student may qualify to receive advanced placement for classes previously completed and in which they received passing grades. If a student is terminated or withdraws and then subsequently re-enrolls, the credits completed before termination or withdrawal will count toward credit hours completed. Incompletes are not allowed. Noncredit remedial courses are not offered.

Any student not meeting the attendance requirement of eighty percent (80%), minimum grade requirement of C, or other satisfactory progress items during a probationary period will receive a written dismissal notice and if participating in a federal grant or loan program may lose some or all federal funding and will be required to pay tuition and any other costs by other means. The student may submit a written appeal of the dismissal addressed to

Student Information Continued

SATISFACTORY ACADEMIC PROGRESS Continued

the School Director within five business days of the receipt of the notice. The appeal must document circumstances that have prevented the student from attaining satisfactory academic progress and provide evidence that changes have occurred to allow the student to meet the standards of satisfactory academic progress. The following circumstances will be considered in the appeal process: death in the family, serious illness in the family, the student or a member of the family victimized in a violent crime, or loss of home or property as the result of fire, flood or natural disaster. A written academic plan, before the appeal is granted, must be provided to the student which clearly identifies a viable plan for the student to successfully complete the program within the maximum timeframe allowed. The Executive Committee of the school will examine all written appeals and respond in writing within five business days. Students reinstated upon appeal will be on probation for the next evaluation period, during which the student must meet the terms and conditions set out in the committee's letter granting the appeal. A student who fails to maintain the terms of the academic plan will be terminated from the school and no appeal will be permitted. Students are limited to one appeal during the course of their education at CCI Training Center.

A student must complete a program in no more than one hundred and fifty percent (150%) of the normal program length in credit hours attempted. Leaves of Absence are excluded from this calculation.

CCI Training Center also has the right to appeal a student's eligibility for federal grant and loan funding eligibility if the school can determine there are mitigating circumstances that warrant a student to continue to receive federal aid although that student is not meeting the Satisfactory Academic Progress (SAP) policy. These circumstances include but are not limited to the student becoming ill or out of school for other reasons out of their control.

If applicable, funds allocated for certification exams, the exams must be completed within one year after the completion of the program.

Student Information Continued

LEAVE OF ABSENCE AND PROGRAM INTERRUPTION

A leave of absence is a temporary break in a student's attendance during which s/he is continuously enrolled. A student may request/be granted a leave of absence if the School Director/designee determines that the student has met the standard for "emergency situations". The School Director may reject a leave of absence request if not satisfied with the student's stated nature of emergency as indicated by the student.

In each case the approval and length of term of a leave of absence will be determined by the School Director based on the procedures outlined below. Once reviewed by the School Director, the school's decision will be discussed with the student providing an additional opportunity to discuss the details and the ramification of the decision. In no circumstance will an individual leave of absence be granted for a period longer than 180 calendar days in any 12-month period. The student may request more than one leave under the guidelines listed below.

Procedures:

1. A leave of absence may be granted for emergency circumstances including:
 - Medical/serious illness
 - Death in the immediate family
 - Debilitating injury
 - Transportation
 - Military Duties
 - Maternity
2. Also, a leave of absence may be granted by the school director due to a class schedule change initiated by the school.
3. A student must submit a written request for a leave of absence in advance of the beginning date of the leave of absence, unless unforeseen circumstances prevent the student from doing so. If a student does not submit a leave of absence consistent with the stated policy, the student's enrollment is automatically terminated within a timeframe consistent with CCI's consecutive absence policy.
4. A student must sign and date the Leave of Absence Request form and specify a reason for the request in accordance with the procedures listed above. The student must explain and establish reasonable assurance to return within the timeframe stated on the form.
5. A student must attest to understanding of the procedures and implications for returning or failing to return to school.
6. Once approved, the form will be signed and dated by a school director or the Business Office and once again discussed with the student.
7. If the request is disapproved, the student will receive an explanation in writing.
8. No additional charges may occur as the result of a leave of absence.
9. The director will not approve a leave of absence if anticipated future course offerings keep the student from starting classes upon their return.
10. A leave of absence is limited to a maximum of 180 calendar days in any 12-month period or one-half the published program length, whichever is shorter. Multiple leaves of absence may be permitted provided the total of the leaves does not exceed this limit.

Student Information Continued

11. An approved leave of absence may be extended for an additional period of time provided that the extension request meets all of the above requirements, and the total length of the leave of absence does not exceed the specified limit.
12. If a course is not available on the schedule causing a gap in attendance, a leave of absence will be required if the student is to remain enrolled in school. Such leave is permissible only if all leave of absences previously granted in a 12-month period do not exceed the 180 calendar days allowed as explained above.
13. If a leave of absence is not approved, or requested, the absent student will be terminated. In such case the student may apply to re-enroll back in school

REQUIREMENTS FOR GRADUATION

Upon successful completion of all requirements specified in the catalog, the graduate will be awarded a certificate of completion from CCI Training Center.

In order to meet the academic requirements, students must complete all subjects in a program with a minimum of C or, higher grade average, attend at least 80% of the clock hours of all subjects and complete an externship, if required within 150% of the normal program length. In order to receive a certificate of completion, students must meet all financial obligations to the school, complete a Career/Professional Development workshop, complete an exit interview with the Financial Aid Coordinator, the Career Services Department or Director of Education.

PLACEMENT ASSISTANCE SERVICES

Students who successfully complete their program of study are eligible for Placement Assistance Services. Services include career counseling, employer networking, job interviewing tips, resume suggestions, and interview opportunities. Students enrolling in a single class, seminar, or workshop are not eligible for Placement Assistance. Payment of all tuition, fees, books and supplies must be current before Placement Assistance Services are offered. As a career education enterprise approved and regulated by a state agency (TWC), CCI Training Center cannot and does not guarantee employment.

Student Information Continued

REFUND AND CANCELLATION POLICY

CANCELLATION POLICY

A full refund will be made to any student who cancels the enrollment contract within 72 hours (until midnight of the third day excluding Saturdays, Sundays and legal holidays) after the enrollment contract is signed. A full refund will also be made to any student who cancels enrollment within the student's first three scheduled class days, except that the school may retain not more than \$100 in any administrative fees charged, as well as items of extra expense that are necessary for the portion of the program attended and stated separately on the enrollment agreement.

REFUND POLICY/GENERAL GUIDELINES

Refund computations will be based on scheduled course time of class attendance through the last date of attendance. Leaves of absence, suspensions and the Christmas holidays will not be counted as part of the scheduled class attendance.

The effective date of termination for refund purposes will be the earliest of the following:

- (a) The last day of attendance, if the student is terminated by the school;
- (b) The date of receipt of written notice from the student; or
- (c) The lesser of ten consecutive school days or fourteen calendar days

If tuition and fees are collected in advance of entrance, and if after expiration of the 72 hour cancellation privilege the student does not enter school, not more than \$100 in any administrative fees charged shall be retained by the school.

If a student enters a program and withdraws or is otherwise terminated after the cancellation period, the school may retain not more than \$100 in any administrative fees charged for the entire program. The minimum refund of the remaining tuition and fees will be the pro rata portion of tuition, fees, and other charges that the number of hours remaining in the portion of the course or program for which the student has been charged after the effective date of termination bears to the total number of hours in the portion of the course or program for which the student has been charged, except that a student may not collect a refund if the student has completed 75 percent or more of the total number of hours in the portion of the program for which the student has been charged on the effective date of termination.¹

Refunds for items of extra expense to the student, such as books, tools, or other supplies are to be handled separately from refund of tuition and other academic fees. The student will not be required to purchase instructional supplies, books and tools until such time as these materials are required. Once these materials are purchased, no refund will be made. For full refunds, the school can withhold costs for these types of items from the refund as long as they were necessary for the portion of the program attended and separately stated in the enrollment agreement. Any such items not required for the portion of the program attended must be included in the refund.

A student who withdraws for a reason unrelated to the student's academic status after the 75 percent completion mark and requests a grade at the time of withdrawal shall be given a grade of "incomplete" and permitted to re-enroll in the course or program during the 12-month period following the date the student withdrew without payment of additional tuition for that portion of the course or program.

¹ More simply, the refund is based on the precise number of course time hours the student has paid for, but not yet used, at the point of termination, up to the 75% completion mark, after which no refund is due. Form CSC-1040R provides the precise calculation.

Student Information Continued

REFUND AND CANCELLATION POLICY Continued

A full refund of all tuition and fees, applicable, is due and refundable in each of the following cases:

- (a) An enrollee is not accepted by the school;
- (b) If the course of instruction is discontinued by the school and this prevents the student from completing the course; or
- (c) If the student's enrollment was procured as a result of any misrepresentation in advertising, promotional materials of the school, or representations by the owner or representatives of the school.

A full or partial refund may also be due in other circumstances of program deficiencies or violations if mandated by the requirements for career schools and colleges.

REFUND POLICY/TITLE IV FUNDS

A federally mandated statutory schedule must be used to determine the amount of federal aid funds students have earned when they cease attendance. This schedule is based on the period the students were in attendance. The amount of federal aid earned is the percentage of the federal aid that has been earned, multiplied by the total amount of federal aid that was disbursed for the period. Any funds this pro-rata schedule show to be unearned must be returned to the aid programs by the students. This schedule will be used until 60 percent of the payment period has passed, after which all funds will be considered to have been earned. Upon request to the school director students and prospects will receive copy of refund policy with which the institution is required to comply for the return of unearned tuition and fees or other refundable portions of costs paid to the institution.

Government regulations may require that CCI Training Center return federal aid funds back to the government. This may result in student owing a significant amount at withdraw due to the return of financial aid. Therefore, students who receive any financial aid should discuss prior to withdrawal the financial implications of the withdrawal with the Financial Aid Administrator.

Repayment of other aid funds may also be required as the result of withdrawing from school. Contact the Financial Aid Administrator for more information.

The documented date of termination for refund purposes will be the earliest of the following:

- (a) The last day of attendance, if the student is terminated by the school.
- (b) The receipt of written notice from the student.
- (c) The lesser of ten consecutive school days or fourteen calendar days.

If a student drops before sixty percent (60%) of the program completion, must repay a percentage of any federal financial aid they have received. A student will have 45 days to repay the debt to CCI Training Center. After 45 days, they must make arrangements with the Department of Education to repay the funds. Until the debt has been paid, a student will not be eligible to receive additional federal aid at any school.

Student Information Continued

REFUND POLICY/ STUDENTS CALLED TO ACTIVE MILITARY SERVICE

A student who withdraws from the school as a result of the student being called to active duty in a military service of the United States or the Texas National Guard may elect one of the following options for each program in which the student is enrolled:

- (a) If tuition and fees are collected in advance of the withdrawal, a pro rata refund of any tuition, fees, or other charges paid by the student, in accordance with the refund policy stated in the catalog for any unpaid tuition, fees, or other charges owed by the student for the portion of the program the student does not complete following withdrawal;
- (b) A grade of incomplete with the designation "withdrawn-military" for the courses in the program, other than courses for which the student has previously received a grade on the student's transcript, and the right to re-enroll in the program, or a substantially equivalent program if that program is no longer available, not later than the first anniversary of the date the student is discharged from active military duty without payment of additional tuition, fees, or other charges for the program other than any previously unpaid balance of the original tuition, fees, and charges for books for the program; or
- (c) The assignment of an appropriate final grade or credit for the courses in the program, but only if the instructor or instructors of the program determine that the student has:
 - (1) Satisfactorily completed at least 80 percent of the required coursework for the program; and
 - (2) Demonstrated sufficient mastery of the program material to receive credit for completing the program.

The payment of refunds will be totally completed such that the refund instrument has been negotiated or credited into the proper account(s), within 45 days after the effective date of termination.

REFUND POLICY/SEMINARS

Refund computations will be based on the period of enrollment computed on basis of course time (clock hours).

The effective date of termination for refund purposes will be the earliest of the following:

- (a) the last date of attendance; or
- (b) the date of receipt of written notice from the student.

If tuition and fees are collected in advance of entrance, and the student does not enter school, not more than \$100 shall be retained by the school.

If the student fails to enter the seminar, withdraws, or is discontinued at any time before completion of the seminar, the student will be refunded the pro rata portion of tuition, fees, and other charges that the number of class hours remaining in the seminar after the effective date of termination bears to the total number of class hours in the seminar.

A full refund of all tuition and fees is due in each of the following cases:

- (a) an enrollee is not accepted by the school;
- (b) if the seminar of instruction is discontinued by the school and thus prevents the student from completing the seminar; or
- (c) if the student's enrollment was procured as a result of any misrepresentation in advertising, promotional materials of the school, or misrepresentations by the establishment or representatives of the school.

Student Information Continued

STUDENT GRIEVANCE POLICY

Grievances relating to the academic programs must be in writing and submitted to the Director of Education. If, in the judgment of the student, it becomes necessary to escalate the grievance, the students may submit their grievance in writing to the School Director's office. The School Director will then meet with the student to discuss the matter and attempt a resolution.

If, in the judgment of the student, the school is unable to resolve the situation to the satisfaction of the student the unresolved grievance may be submitted in writing to:

The Texas Workforce Commission
 Career Schools and Colleges
 101 E. 15th Street
 Austin, TX 78778-0001

and/or

ACCET
 Chair, Complaint Review Committee

For more information about our graduation rates, the median debt of students who completed the program, and other important consumer disclosure information, please visit our website at: www.ccitraining.edu.

CCI Training Center is owned by CCI Training Center, Incorporated. CCI Training Center, Incorporated is wholly owned by Dr. Martin Zandi.

STUDENT RIGHTS TO ACCESS RECORDS

Students have the right to inspect and review the student's educational records maintained by CCI Training Center, except for financial records of the student's parent or guardian. The request must be in writing to the School Director. Records covered by FERPA will be made available within forty-five (45) days of the written request. Students have the right to request changes to their records by written request to the School Director. If CCI Training Center decides not to amend the record the student, then has the right to a formal hearing. If CCI Training Center still decides not to amend the record, the student has the right to place a statement with the record setting forth the student's view of the contested information.

FERPA, the Family Educational Rights and Privacy Act of 1974, pertains to the release of and access to student educational records.

Student records will not be released to another 2nd party without prior written consent from the student on the Release of Private Information form. CCI Training Center will honor the request from a former student to add or delete a Release of Private Information. Students will be asked to sign a release giving CCI Training Center permission to release information from a student's education record to potential employers.

CCI Training Center will disclose information from a student's record without the written consent of the student to appropriate CCI Training Center staff members who require access to educational records in order to perform their legitimate educational duties, officials of other schools in which the student seeks or intends to enroll, in connection with the student's application for or receipt of financial aid, and state, federal, and accrediting agencies as required.

If students believe that their FERPA rights have been violated, they may contact the Family Policy Compliance Office of the Department of Education, 400 Maryland Avenue SW, Washington, DC 2002-4605. Additional information is available at www.ed.gov/policy/gen/guid/fpco.

Student Information Continued

STUDENT RIGHTS TO ACCESS RECORDS Continued

At the post-secondary level, parents have no inherent right to access or inspect their child's educational records, including final grades, grades on exams, and other information about academic progress. This information is protected under FERPA and parents do not have access to it unless the student has provided express, written authorization, or unless the student is a dependent as defined in Section 152 of the Internal Revenue code of 1954.

In emergency or crisis situations, CCI Training Center may release non-directory information if the institution determines that the information is necessary to protect the health or safety of the student or other individuals.

STANDARDS OF STUDENT CONDUCT

Students who enroll in a program of study are expected to conduct themselves as they would under the employment of a public or private enterprise. Students shall obey all applicable local, state, and federal laws. No weapons are allowed on the CCI Training Center premises.

Students will, at all times, respect the rights of others and maintain responsible behavior conducive to the teaching and learning environment. Physical abuse and/or other conduct which endangers the health or safety of any person are prohibited. Any words or acts deliberately designed to disregard the safety of rights of another or intimidate, degrade, demean, threaten, haze, or otherwise interfere with another person's rightful action will not be tolerated and may result in expulsion from school with no prior notice.

Creating, modifying, executing, or retransmitting any computer program or instructions intended to obscure the true identity of the sender of electronic mail or electronic messages is forbidden. Accessing or intentionally destroying files without the permission of the owner is prohibited. Transmitting or viewing information that contains obscene, indecent, lewd, or lascivious material will not be tolerated.

Copies may not be made of copyrighted material. Copyright infringement will not be tolerated. It is illegal and prosecution may result. Dishonesty will not be tolerated.

When behavior is in violation of CCI policies, the school has the right to take disciplinary and/or civil action against those involved. Any actions listed above may result in expulsion from school with no prior notice. Financial obligations remain effective for any student terminated. Refund Policy will apply as stated in the catalog.

DRESS CODE

The school requires attention to personal grooming, hygiene and dress as they would to satisfy an employer. Students are required to dress modestly and in consideration of other students and CCI Training Center employees. This means no bare midriffs, no sleeveless tops, no short shorts, no shower shoes or flip-flops. Shoes must be worn at all times, no curse words or offensive terms on shirts, etc. Students enrolled in the Allied Health Programs are to wear medical scrubs to class. Two pairs of scrubs are supplied to each student.

Student Information Continued

CRIME POLICY

Anyone with knowledge of a crime or emergency either on or off campus is asked to report any incident to the police by dialing 911 and then to the School Director. Any employee of CCI Training Center will assist with notifying the police if they are requested to do so.

CCI Training Center does not employ campus police or security officers. CCI publishes campus crime statistics on the school's web site, www.ccitraining.edu. The report contains statistics about crimes that have been reported over the past three years and have occurred either on campus, in off-campus buildings or property owned or controlled by the school, or on public property adjacent to the campus. Copies of this report may also be obtained from the Financial Aid office. CCI Training Center does not have off campus student organizations.

Any crime tip related to hate crime or rape will be accepted by the School Director; under the provisions of Whistleblower protection. Crime alerts are delivered on an as needed basis. Additional crime alert notices will be posted near the main entrance as needed within 24 hours. The school has not entered into a mutual aid agreement with state or local police.

Crime will be reported whether a local law enforcement official, or no one, prosecutes it. In cases involving liquor or drug violations or weapons possession, the information will be included in the annual report where either an arrest is made or the accused is referred for campus disciplinary proceedings.

Campus security procedures include back doors that have audible alarms that sound when they are opened and front doors that are locked at 7:00 PM Monday through Friday and on weekends. CCI does not have campus residences.

To promote security awareness and crime prevention all employees and students are offered at the time of employment or attendance at their first class a booklet entitled "Take Crime Prevention to Work". At the same time two booklets of education about sexual assault, "Strategies for Avoiding Sexual Assault" and "Confronting Sexual Assault" are offered to employees and students. A listing of registered sex offenders in Texas sorted in various ways can be found at http://records.txdps.state.tx.us/DPS_WEB/SorNow/index.aspx.

If a sexual offense should occur anyone with knowledge of the offense should report it to the police by calling 911 and then report it to the School Director. The victim should not wash or change clothing but should wait for police to respond and gather evidence and a medical exam to be performed. Referral to counseling and other resources for victims of sex offenses may be received by contacting the School Director.

Campus disciplinary action relating to a sex offense will only be taken after police have investigated the offense. If disciplinary action is necessary both the accused and the accuser will each be allowed to choose one person who has no formal legal training to accompany them throughout the disciplinary hearing. Both the victim and the accused will be informed of the outcome of the hearing. A student found guilty of sexual misconduct may be suspended or expelled from school. Student victims have the option to change their academic schedule after a sexual offense if such change is reasonably available.

Student Information Continued

DRUG AND ALCOHOL ABUSE POLICY

The unlawful manufacture, distribution, possession or use of a controlled substance or the unlawful possession and use of alcohol is wrong, harmful, and prohibited in or on CCI Training Center controlled property or as part of any of its activities. Drug and alcohol abuse prevention counseling is available to all students and staff upon request.

Students who violate this policy may be referred for required counseling, placed on probation, suspended or expelled from school. Employees who violate this policy may be referred for required counseling or terminated. Any violators of this policy may be referred for prosecution.

HEALTH RISKS OF ALCOHOL AND DRUGS

Alcohol

Health hazards associated with the excessive use of alcohol or with alcohol dependency include dramatic behavioral changes, retardation of motor skills, and impairment of reasoning and rational thinking. These factors result in a higher incidence of accidents and accidental death for persons with such dependency than for non-users of alcohol. Nutrition also suffers and vitamin and mineral deficiencies are frequent. Prolonged alcohol abuse causes bleeding from the intestinal tract, damage to nerves and the brain, psychotic behavior, loss of memory and coordination, damage to the liver often resulting in cirrhosis, impotence, severe inflammation of the pancreas, and damage to the bone marrow, heart, testes, ovaries, and muscles. Damage to the nerves and organs is usually irreversible. Cancer is the second leading cause of death in alcoholics and is 10 times more frequent than in non-alcoholics. Sudden withdrawal of alcohol from persons dependent on it will cause serious physical withdrawal symptoms.

Drugs

The use of illicit drugs usually causes the same general type of physiological and mental changes as alcohol, though frequently those changes are more severe and more sudden. Death or coma resulting from overdose of drugs is more frequent than from alcohol, but unlike alcohol, abstinence can lead to reversal of most physical problems associated with drug use.

PENALTIES UNDER FEDERAL AND STATE LAW

FEDERAL LAW

OFFENSE	MINIMUM PUNISHMENT	MAXIMUM PUNISHMENT
Manufacture, distribution or dispensing drugs (includes marijuana)	A term of imprisonment for up to 5 years, and a fine of \$250,000.	A term of life imprisonment without release (no eligibility for parole) and a fine not to exceed \$8,000,000 (for an individual) or \$20,000,000 (if other than an individual).
Possession of drugs (includes marijuana)	Imprisonment for up to 1 year, and a fine of \$1,000.	Imprisonment for not more than 20 years or not less than 5 years, a fine of not less than \$5,000 plus costs of investigation and prosecution.
Operation of a Common Carrier under the influence of alcohol or drugs		Imprisonment for up to 15 years and a fine not to exceed \$250,000.
